

AISATS supported an Orphanage

AISATS TRV had organized a voluntary support initiative for students education, as part of their Corporate Social Responsibility (CSR) program. The program aimed to provide educational support items to the students of Ananda Nilayam , an orphanage in Trivandrum.

The Orphanage- Ananda Nilayam provides accommodation to 35 destitute children of various ages who attend the school from there. Tailoring is also taught as a vocational skill to make them self reliant. Ananda Nilayam was established in 1934 by Late Ms. Prasantha Yogini.

AISATS TRV made contribution in form of educational support to keep the vision of the institute alive. All the students were provided with school bags, note books, text books, uniforms, geometry boxes, umbrellas & tiffin boxes. Two sewing machines and computer were also provided for their vocational training classes.
